

NEROFIX PRIVATE LIMITED

A subsidiary of Kansai Nerolac Paints Ltd.

3Rd Annual Report

Financial Year
2021-22

INDEPENDENT AUDITOR'S REPORT

To the Members of Nerofix Private Limited

Report on the Audit of the Financial Statements**Opinion**

We have audited the accompanying financial statements of Nerofix Private Limited ("the Company"), which comprise the Balance sheet as at March 31 2022, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Directors Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133

of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions

and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (g) In our opinion, the managerial remuneration for the year ended March 31, 2022 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

SRBC & CO LLP

- iv. a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 41 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 41 to the financial statements, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on such audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. No dividend has been declared or paid during the year by the Company.

Annexure 1 referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date on the financial statements of Nerofix Private Limited

Re: Nerofix Private Limited ("the Company")

In terms of the information and explanations sought by us and given by the company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (B) The Company has maintained proper records showing full particulars of intangibles assets.
- (b) All Property, Plant and Equipment have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) The title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.
- (d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2022.
- (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The Management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion the coverage and the procedure of such verification by the management is appropriate. Discrepancies of 10% or more in aggregate for each class of inventory were not noticed in respect of such physical verification.
- (b) As disclosed in note 18 to the financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the financial statements, the quarterly returns/statements filed by the Company with such banks and financial institutions are in agreement with the books of accounts of the Company.
- (iii) During the year the Company has not made investments, provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(a), (b), (c), (d), (e) and (f) of the Order are not applicable to the Company.
- (iv) There are no loans, investments, guarantees, and securities given in respect of which provisions of section 185 and 186 of the Companies Act 2013 are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

SRBC & CO LLP

Chartered Accountants

- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacture of adhesives and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other statutory dues applicable to it. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (b) There are no dues of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues have not been deposited on account of any dispute.
- (viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
- (ix) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) Term loans were applied for the purpose for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) The Company does not have any subsidiary, associate or Joint Venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.
- (f) The Company does not have any subsidiary, associate or Joint Venture. Accordingly, the requirement to report on clause 3(ix)(f) of the Order is not applicable to the Company.
- (x) (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares / fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) No material fraud by the Company or no material fraud on the Company has been noticed or reported during the year.
- (b) During the year, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by us in Form ADT - 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

S R B C & CO LLP

Chartered Accountants

- (xii) The Company is not a nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a), (b) and (c) of the Order is not applicable to the Company.
- (xiii) Transactions with the related parties are in compliance with sections 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of section 177 are not applicable to the Company and accordingly the requirements to report under clause 3(xiii) of the Order insofar as it relates to section 177 of the Act is not applicable to the Company.
- (xiv)(a) The Company has implemented internal audit system on a voluntary basis which is commensurate with the size of the Company and nature of its business though it is not required to have an internal audit system under Section 138 of the Companies Act, 2013.
- (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.
- (xvi)(a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtained a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) There are no other Companies part of the Group, hence, the requirement to report on clause 3(xvi)(d) of the Order is not applicable to the Company.
- (xvii) The Company has incurred cash losses in the current year amounting to Rs. 13.85 lakhs. In the immediately preceding financial year the Company had incurred cash losses amounting to Rs. 28.46 lakhs.
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.
- (xix) On the basis of the financial ratios disclosed in note 40 to the financial statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

SRBC & CO LLP

Chartered Accountants

(xx) The provisions of section 135 of the Companies Act, 2013 are not applicable and accordingly, the requirements to report on clause (xx) (a) and (b) of the Order is not applicable to the Company.

Annexure 2 - To the Independent Auditor's report of even date on the financial statements of Nerofix Private Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of Nerofix Private Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on [the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls With Reference to these Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted

S R B C & CO LLP

Chartered Accountants

accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NEROFIX PRIVATE LIMITED
STATEMENT OF CASH FLOWS FOR THE YEAR ENDED 31ST MARCH, 2022

Amount in Lakhs

	Year Ended 31 March, 2022	Year Ended 31 March, 2021
Cash Flow From Operating Activities		
Profit/(Loss) Before Tax	(368.13)	(371.45)
Adjustments for:		
Depreciation and Amortisation Expenses	336.78	336.99
Finance Costs	231.18	255.24
Provision for Doubtful debts	17.50	6.00
	<u>585.46</u>	<u>598.23</u>
Operating Profit Before Working Capital Changes	217.33	226.78
Working Capital Adjustments		
Adjustment for (increase) / decrease in operating assets:		
Inventories	(385.21)	(559.98)
Trade Receivables	(184.24)	(511.75)
Loans and Other Assets	45.61	(148.85)
Adjustment for increase / (decrease) in operating liabilities:		
Trade payables and Other liabilities	1,089.34	630.92
	<u>782.84</u>	<u>(362.88)</u>
Direct Taxes Paid (net)	(5.03)	5.17
Net cash flow from / (used in) operating activities	787.87	(368.05)
Cash Flow From Investing Activities		
Purchase of Property, Plant and Equipment, Right of Use Asset and Other Intangible Assets	(69.32)	(53.20)
Net cash flows from / (used in) investing activities	(69.32)	(53.20)
Cash Flow From Financing Activities		
Proceeds/(Repayment) from long term borrowings	(625.00)	(156.25)
Proceeds from issue of equity shares	-	-
Proceeds from Short term borrowings	141.14	701.43
Interest Paid	(234.98)	(259.08)
Net cash flows from / (used in) financing activities	(718.84)	286.10
Net Increase / (Decrease) in Cash and Cash Equivalents	(0.29)	(135.15)
Cash and Cash Equivalents at the beginning of the year	<u>0.54</u>	<u>135.69</u>
Cash and Cash Equivalents as the end of the year	0.25	0.54
Cash and Cash Equivalents at the end of the year, the components being:		
Cash on Hand	0.25	0.54
Banks Balances	-	-
	<u>0.25</u>	<u>0.54</u>
Net Increase / (Decrease) as disclosed above	0.25	0.54

Notes:

- (i) Figures in brackets are outflows/deductions.
(ii) The above Cash Flow Statement is prepared under the "Indirect Method" as set out in the Indian Accounting Standards (Ind AS-7) – Statement of Cash Flows.

Note 2.1: Significant Accounting Policies

i) Classification of Assets and Liabilities

Schedule III to the Act, requires assets and liabilities to be classified as either Current or Non-current.

- (a) An asset shall be classified as current when it satisfies any of the following criteria:
- (i) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
 - (ii) it is held primarily for the purpose of being traded;
 - (iii) it is expected to be realised within twelve months after the reporting date; or
 - (iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.
- (b) All assets other than current assets shall be classified as non-current.
- (c) A liability shall be classified as current when it satisfies any of the following criteria:
- (i) it is expected to be settled in the Company's normal operating cycle;
 - (ii) it is held primarily for the purpose of being traded;
 - (iii) it is due to be settled within twelve months after the reporting date; or
 - (iv) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.
- (d) All liabilities other than current liabilities shall be classified as non-current.

ii) Operating Cycle

An operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company has ascertained the operating cycle as twelve months for the purpose of current or non-current classification of assets and liabilities.

iii) Property, Plant and Equipment

(a) Recognition and Measurement

An item of Property, Plant and Equipment that qualifies for recognition as an asset is initially measured at its cost and then carried at the cost less accumulated depreciation and accumulated impairment, if any.

The cost of an item of Property, Plant and Equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located is included in the cost of an item of property, plant and equipment.

The cost of a self-constructed item of Property, Plant and Equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Tangible Property, Plant and Equipment under construction are disclosed as Capital Work-in-progress. Item of Capital Work-in-progress is carried at cost using the principles of valuation of item of property, plant and equipment till it is ready for use, the manner in which intended by management.

(b) Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(c) Depreciation

The depreciable amount of an item of Property, Plant and Equipment is allocated on a systematic basis over its useful life. The Company provides depreciation on the straight line method. The Company believes that straight line method reflects the pattern in which the asset's future economic benefits are expected to be consumed by the Company. Based on internal technical evaluation, the management believes useful lives of the assets are appropriate. The depreciation method is reviewed at least at each financial year-end and, if there has been a significant change in the expected pattern of consumption of the future economic benefits embodied in the asset, the method is changed to reflect the changed pattern. Such a change is accounted for as a change in an accounting estimate in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

Each part of an item of Property, Plant and Equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

The depreciation charge for each period is recognised in the Statement of Profit and Loss unless it is included in the carrying amount of another asset.

The estimated useful lives for the current period is as follows:

Asset Class	Useful Lives (in years) – as per Companies Act, 2013	Useful Lives (in years) – as estimated by the Company
	Buildings	30-60
Plant and Equipments	10-20	10-20
Furniture and Fixtures	10	10
Office Equipments	5	5
Computers	3-6	3-6

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed off).

(d) Disposal

The carrying amount of an item of Property, Plant and Equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of Property, Plant and Equipment is included in Statement of Profit and Loss when the item is derecognised.

NEROFIX PRIVATE LIMITED
NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD 01 APRIL, 2021 TO 31 MARCH, 2022

Note 1: Corporate Information

Nerofix Private Limited (the 'Company') is a private limited company domiciled in India and incorporated under the provisions of the Companies Act. The Company's has been incorporated on 17 July, 2019. The registered office of the Company is located at B-202, 2nd Floor Plot No.D13/1, TTC Industrial Area Turbhe (MIDC), Thane Belapur Road Navi Mumbai 400705. The Company is principally engaged in the manufacturing of Adhesives, Construction Chemicals and Sealants.

Kansai Nerolac Paints Limited is holding company of Nerofix Private Limited and is based and listed in India. Financial Statements of Kansai Nerolac Private Limited are available on public domain.

Note 2: Basis of Preparation

a Statement of compliance

The Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act as amended from time to time.

Details of the Company's Accounting Policies are included in Note 2.1.

b Functional and Presentation currency

The Financial Statements are presented in Indian Rupees (INR), which is also the Company's functional currency.

c Basis of measurement

The Financial Statements have been prepared on the historical cost basis except for financial assets and liabilities which are measured at fair value.

d Use of estimates and judgements

Critical accounting judgments and key sources of estimation uncertainty:

The preparation of the financial statements in conformity with the Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

i) Business combinations and Intangible Assets

Business combinations are accounted for using Ind AS 103, Business Combinations. Ind AS 103 requires the identifiable intangible assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Significant estimates are required to be made in determining the value of contingent consideration and intangible assets. These valuations are conducted by independent valuation experts.

ii) Critical Judgments

In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amount recognised in the financial statements.

Discount rate used to determine the carrying amount of the Company's defined benefit obligation.

In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

Contingences and Commitments

In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Where the potential liabilities have a low probability of crystallising or are very difficult to quantify reliably, we treat them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, we do not expect them to have a materially adverse impact on our financial position or profitability.

iii) Key Sources of Estimation Uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Useful Lives of Property, Plant and Equipment

As described in Note 2.1(iii)(c), the Company reviews the estimated useful lives and residual values of property, plant and equipment at the end of each reporting period.

Impairment Allowances for Trade Receivables

The Company makes Impairment Allowances for Trade Receivables based on an assessment of the recoverability of trade and other receivables. The identification of impairment allowance requires use of judgments and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and impairment allowances in the period in which such estimate has been changed.

Allowances for Inventories

Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

Defined Benefit Plans

The costs and present value of the defined benefit gratuity plan and other long-term employee benefits are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These include the determination of appropriate discount rate, salary escalation rate, expected rate of return on assets and mortality rates. Due to the complexities involved in the valuation and its long-term nature, defined benefit plans are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

A handwritten signature or set of initials in blue ink, appearing to be a stylized "R" or "P".

iv) Lease

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value asset. The Company recognises lease liabilities to make lease payments and right-of-use asset representing the right to use the underlying asset.

(a) Right of Use Asset (ROU)

The Company recognises Right of use asset at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right of use asset are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of Right of use asset includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right of use asset are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the asset, as follows:

Leasehold land	75 Years
----------------	----------

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The Right of use asset are also subject to impairment. Refer to the accounting policies on Impairment of non-financial asset.

(b) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Lease liability, if any and ROU asset have been separately presented in the Balance Sheet and lease payments, if any have been classified as financing cash flows.

(c) Short-term leases and leases of low-value asset

The Company applies the short-term lease recognition exemption to its short-term leases of property, machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value asset recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value asset are recognised as expense on a straight-line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

R

v) Other Intangible Assets

(a) Recognition and Measurement

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets are initially measured at its cost and then carried at the cost less accumulated amortisation and accumulated impairment, if any.

(b) Subsequent Expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognised in Statement of Profit and Loss as incurred.

(c) Amortisation

The Company amortises Other Intangible Assets on the straight line method. The Company believes that straight line method reflects the pattern in which the asset's future economic benefits are expected to be consumed by the Company. The amortisation method is reviewed at least at each financial year-end and, if there has been a significant change in the expected pattern of consumption of the future economic benefits embodied in the asset, the method is changed to reflect the changed pattern. Such a change is accounted for as a change in an accounting estimate in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors.

The estimated useful lives for the current period is as follows:

Asset Class	Useful Lives (in years) - as estimated by the Company
Technical Know How	10
Non Compete Fee	5
Customer Relationship	5

R

vi) Employee Benefits

(a) Short-term Employee Benefits:

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

(b) Post-Employment Benefits:

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions and will have no legal or constructive obligation to pay further amounts.

(i) Provident and Family Pension Fund

The eligible employees of the Company are entitled to receive post employment benefits in respect of provident and family pension fund, in which both the employees and the Company make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). The contributions are made to the Regional Provident Fund Commissioner (RPFC) which are charged to the Statement of Profit and Loss as incurred.

In respect of contribution to RPFC, the Company has no further obligations beyond making the contribution, and hence, such employee benefit plan is classified as Defined Contribution Plan. The Company's contribution is recognised as an expense in the Statement of Profit and Loss.

Q

Q

Defined Benefit Plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in Other Comprehensive Income. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days to one month salary payable for each completed year of service or part thereof in excess of six months depending upon category of employee. Vesting occurs upon completion of five years of service. The Company accounts for gratuity benefits payable in future based on an independent external actuarial valuation carried out at the end of the year using the projected unit credit method. Actuarial gains and losses are recognised as Other Comprehensive Income.

(c) Other Long-term Employee Benefits - Compensated Absences

The Company provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/availment. The Company makes provision for compensated absences based on an independent actuarial valuation carried out at the end of the year. Actuarial gains and losses are recognised in the Statement of Profit and Loss.

A handwritten signature in blue ink, appearing to be "R".

A handwritten signature in blue ink, appearing to be "R".

vii) Inventories

(a) Measurement of Inventory

The Company measures its inventories at the lower of cost and net realisable value.

(b) Cost of Inventories

The cost of inventories shall comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

The costs of purchase of inventories comprise the purchase price, import duties and other taxes (other than those subsequently recoverable by the entity from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of finished goods, materials and services. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase.

The costs of conversion of inventories include costs directly related to the units of production and a systematic allocation of fixed and variable production overheads that are incurred in converting materials into finished goods.

Other costs are included in the cost of inventories only to the extent that they are incurred in bringing the inventories to their present location and condition.

The cost of inventories is assigned by weighted average cost formula. The Company uses the same cost formula for all inventories having a similar nature and use to the Company.

(c) Net realisable value

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Net realisable value is ascertained for each item of inventories with reference to the selling prices of related finished products.

The practice of writing inventories down below cost to net realisable value is consistent with the view that assets should not be carried in excess of amounts expected to be realised from their sale or use. Inventories are usually written down to net realisable value item by item. Estimates of net realisable value of finished goods is based on the most reliable evidence available at the time the estimates are made, of the amount the inventories are expected to realise. These estimates take into consideration fluctuations of price or cost directly relating to events occurring after the end of the period to the extent that such events confirm conditions existing at the end of the period. Materials and other supplies held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. However, when a decline in the price of materials indicates that the cost of the finished products exceeds net realisable value, the materials are written down to net realisable value.

Amount of any reversal of write-down of inventories shall be recognised as an expense as when the event occurs.

(d) Valuation of Spare parts, stand-by equipments and servicing equipments

Spare parts, stand-by equipment and servicing equipment are recognised as Property, Plant and Equipment if and only if it is probable that future economic benefits associated with them will flow to the Company and their cost can be measured reliably. Otherwise such items are classified and recognised as Inventory.

A handwritten signature in blue ink, appearing to be a stylized letter 'R' or similar.

viii) Cash and Cash Equivalents

Cash comprises cash on hand and bank balances. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes. For an investment to qualify as a cash equivalent it must be readily convertible to a known amount of cash and be subject to an insignificant risk of changes in value. Therefore, an investment normally qualifies as a cash equivalent only when it has a short maturity of, say, three months or less from the date of acquisition. For the purpose of Cash Flow Statement cash and cash equivalent includes bank overdrafts which are repayable on demand if any.

ix) Provisions and Contingent Liabilities

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

R

x) Revenue Recognition

Sale of Goods

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods.

Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, rebates, scheme allowances, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Accruals for discounts/incentives and returns are estimated (using the most likely method) based on underlying schemes and agreements with customers. Due to the short nature of credit period given to customers, there is no financing component in the contract.

Interest Income

Interest income is recognised using the effective interest method as set out in Ind AS 109 – Financial Instruments: Recognition and Measurement, when it is probable that the economic benefits associated with the transaction will flow to the Company and the amount of the revenue can be measured reliably. The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability (or group of financial assets or financial liabilities) and of allocating the interest income or interest expense over the relevant period.

xi) Foreign Currency Transactions

Functional currency is the currency of the primary economic environment in which the Company operates whereas presentation currency is the currency in which the financial statements are presented. Indian Rupee is the functional as well as presentation currency for the Company.

A foreign currency transaction is recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

At the end of each reporting period, foreign currency monetary items are translated using the closing rate whereas non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction; and non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous Financial Statements are recognised in the Statement of Profit and Loss in the period in which they arise. When a gain or loss on a non-monetary item is recognised in Other Comprehensive Income, any exchange component of that gain or loss is recognised in Other Comprehensive Income. Conversely, when a gain or loss on a non-monetary item is recognised in Statement of Profit and Loss, any exchange component of that gain or loss is recognised in Statement of Profit and Loss.

NEROFIX PRIVATE LIMITED
NOTES TO THE FINANCIAL STATEMENTS AS AT 31ST MARCH, 2022

xii) Taxation

Income tax

Income tax comprises current tax and deferred tax expense. It is recognised in Statement of Profit and Loss except to the extent that it relates to a business combination or to an item recognised directly in Equity or in Other Comprehensive Income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- a temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- b taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Note 16: Deferred Tax Liabilities (net)

A. The major components of deferred tax (liabilities) / assets arising on account of timing differences are as follows:

Particulars	As at 1 April, 2021	(Charge) / Credit recognised in profit or loss for the period	As at 31 March, 2022
Deferred tax liabilities in relation to:			
Difference between written down value/capital work in progress of fixed assets as per the books of accounts and the Income Tax Act, 1961	(65.85)	(5.12)	(70.97)
Deferred tax assets in relation to:			
Disallowances under Section 40(a)(i) of the Income Tax Act, 1961	5.12	3.88	9.00
Unused tax losses, restricted to extent of deferred tax liabilities	60.73	1.24	61.97
Deferred tax assets / (liabilities) (net)	-	-	-

Unrecognised deferred tax assets relate primarily to unabsorbed depreciation and unabsorbed business losses which can be set off against taxable profit in the future years from the year in which they originate.

	Rs. In Lakhs As at March 31, 2022	Rs. In Lakhs As at March 31, 2021
--	---	---

Deductible temporary difference, unused tax losses and unused tax credits for which no deferred tax asset has been recognised are attributable to the following

Unabsorbed Depreciation (AY 20-21)	163.12	163.12
Unabsorbed Depreciation (AY 21-22)	436.76	-
Business Loss (AY 21-22)	25.12	-

B. Since the Company has incurred loss during the year ended 31st March, 2022 and 31st March, 2021 no tax is payable as per provisions of Income Tax, 1961. Accordingly, the calculation of effective tax rate is not relevant and hence, not given.

NOTES TO THE FINANCIAL STATEMENTS AS AT 31ST MARCH, 2022

Note 33: Related Party Disclosures

A related party is a person or entity that is related to the entity that is preparing its Financial Statements

- (a) A person or a close member of that person's family is related to a reporting entity if that person:
- (i) has control or joint control of the reporting entity;
 - (ii) has significant influence over the reporting entity; or
 - (iii) is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.
- (b) An entity is related to a reporting entity if any of the following conditions applies.
- (i) The entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

A related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged.

Parties where control exist :

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. This assessment is undertaken in each financial period through examining the financial position of the related party and the market in which the related party operates. Outstanding balances as at 31 March, 2022 are unsecured and settlement occurs in cash.

Note 34: Employee Benefits

A Defined Contribution Plans:

Contribution to defined contribution plan, recognised in the Statement of Profit and Loss under Company's Contribution to Provident Fund in Employee Benefits Expenses for the period is as under:

Particulars	Year Ended 31 March, 2022	Year Ended 31 March, 2021
Employer's contribution to Regional Provident Fund Commissioner	25.14	22.21

B Defined Benefit Plans:

a. Gratuity

The following tables set out the funded of the gratuity plans and the amount recognised in the Company Financial Statements as at 31st March, 2021 and 31st March, 2022

Particulars	Year Ended 31 March, 2022	Year Ended 31 March, 2021
Defined benefit obligation at the beginning	11.08	-
Current service cost	12.60	11.08
Interest Expense	0.68	-
Benefit payments from plan assets	(2.06)	-
Remeasurements-Due to Financial Assumptions	(1.39)	0.07
Remeasurements-Due to Experience Adjustments	2.28	(0.07)
Remeasurements- actuarial gains/(losses)	-	-
Defined benefit obligation at year end	23.19	11.08

Change in fair value of plan assets

Particulars	Year Ended 31 March, 2022	Year Ended 31 March, 2021
Fair value of plan assets at the beginning	-	-
Interest income	-	-
Employer contributions	-	-
Benefit payments from plan assets	-	-
Remeasurements- return on plan assets excluding amounts included in interest income	-	-
Fair value of plan assets at the year end	-	-
Net liability	-	-

Components of Defined Benefit Cost recognized in the Statement of Profit and Loss under Employee Benefit Expenses:

Particulars	Year Ended 31 March, 2022	Year Ended 31 March, 2021
Current Service Cost	12.60	11.08
Net Interest Cost	0.68	-
Defined Benefit Cost recognised in the Statement of Profit and Loss	13.28	11.08

Components of Defined Benefit Cost recognized in the Statement of Other Comprehensive Income:

Particulars	Year Ended 31 March, 2022	Year Ended 31 March, 2021
Actuarial (gains) / losses on Defined Benefit Obligation	0.88	-
(Return)/loss on plan assets excluding amounts included in the net interest on the net defined benefit liability/(asset)	-	-
Defined Benefit Cost recognised in the Statement of Other Comprehensive Income	0.88	-

The assumptions used to determine net periodic benefit cost are set out below:

Particulars	Year Ended 31 March, 2022	Year Ended 31 March, 2021
Discount Rate	7.38%	6.76%
Salary Escalation	6.00%	6.00%
Weighted average duration of the defined benefit obligation (years)	17.14	15.08

R

Sensitivity Analysis:

Discount Rate, Salary Escalation Rate and Withdrawal Rate are significant actuarial assumptions. The change in the Present Value of Defined Benefit Obligation for a change of 100 Basis Points from the assumed assumption is given below:

Scenario	Year Ended 31 March, 2022	Year Ended 31 March, 2021
Under Base Scenario	23.19	11.08
Salary Escalation - Up by 1%	25.55	12.36
Salary Escalation - Down by 1%	21.10	9.96
Withdrawal Rates - Up by 1%	22.84	10.78
Withdrawal Rates - Down by 1%	23.50	11.37
Discount Rates - Up by 1%	21.18	10.02
Discount Rates - Down by 1%	25.50	12.31
Expected Rate of Return on Planned Asset	7.38%	6.76%

Maturity Profile of Defined Benefit Obligations

Mortality Table Attained Age	As at 31-03-2022		As at 31-03-2021	
	Male	Female	Male	Female
20	0.09%	0.09%	0.09%	0.09%
25	0.09%	0.09%	0.09%	0.09%
30	0.10%	0.10%	0.10%	0.10%
35	0.12%	0.12%	0.12%	0.12%
40	0.17%	0.17%	0.17%	0.17%
45	0.26%	0.26%	0.26%	0.26%
50	0.44%	0.44%	0.44%	0.44%
55	0.75%	0.75%	0.75%	0.75%
60	1.12%	1.12%	1.12%	1.12%

C. Compensated Absences

Amount of Rs. 3.74 Lakhs (PY 20-21 Rs. 2.18 Lakhs) has been recognised in the statement of profit and loss as an expense for compensated absences.

Handwritten signature or initials in blue ink.

NEROFIX PRIVATE LIMITED

NOTES TO THE FINANCIAL STATEMENTS AS AT 31ST MARCH, 2022

Note 35: Segment Reporting

The Management Committee of the Company, approved by the Board of Directors performs the function of allotment of resources and assessment of performance of the Company. Considering the level of activities performed, frequency of their meetings and level of finality of their decisions, the Company has identified that Chief Operating Decision Maker function is being performed by the Management Committee. The financial information presented to the Management Committee in the context of results and for the purposes of approving the annual operating plan is on a consolidated basis for various products of the Company. As the Management Committee monitors the business activity as a single business segment viz. Adhesives, Construction Chemicals and Sealants, and the sales substantially being in the domestic market, the financial statement are reflective of the information required by Ind AS 108 "Operating Segments".

NEROFIX PRIVATE LIMITED

NOTES TO THE FINANCIAL STATEMENTS AS AT 31ST MARCH, 2022

Note 36: Financial Instruments: Categories of Financial Instrument and Fair Value Hierarchy

A. Categories of Financial Instrument

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy

	Amount in Lakhs		
Year Ended 31 March, 2022	Fair Value through Profit and Loss	Fair Value through Other Comprehensive Income	Amortised Cost
Financial Assets			
Security deposit	-	-	12.91
Trade Receivables	-	-	2,357.56
Cash and Cash Equivalent	-	-	0.25
Financial Liabilities			
Long Term Borrowings	-	-	1,093.75
Short Term Borrowings	-	-	1,467.57
Trade Payables	-	-	3,360.17
Other Current Financial Liabilities	-	-	162.56
As at 31 March, 2021			
	Fair Value through Profit and Loss	Fair Value through Other Comprehensive Income	Amortised Cost
Financial Assets			
Security deposit	-	-	10.23
Trade Receivables	-	-	2,190.82
Cash and Cash Equivalent	-	-	0.54
Financial Liabilities			
Long Term Borrowings	-	-	1,718.75
Short Term Borrowings	-	-	1,326.43
Trade Payables	-	-	2,382.25
Other Current Financial Liabilities	-	-	157.41

B. Fair Value Hierarchy

The management assessed the carrying value of financial assets and liabilities carried at 'amortised cost' approximate their fair value largely due to the short-term maturities of these instruments.

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities

	Fair value measurement using		
	Quoted prices in active markets	Significant observable inputs	Significant unobservable inputs
	(Level 1)	(Level 2)	(Level 3)
As at 31 March, 2022

Trade Payables	-	-	2,382.25
Other Current Financial Liabilities	-	-	157.41

R

NEROFIX PRIVATE LIMITED

NOTES TO THE FINANCIAL STATEMENTS AS AT 31ST MARCH, 2022

Note 37: Financial Risk Management

The Company's principal financial liabilities comprise short term loans and borrowings, trade payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans to employees, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's financial risk activities are governed by appropriate policies and procedures and financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Company's financial risk management policies are set as per the guidelines.

i) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market price comprises three types of risks: interest rate risk, currency risk and other price risk, such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. In respect of monetary assets and liabilities denominated in foreign currencies, the Company's policy is to ensure that its net exposure is kept to an acceptable level.

ii) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the foreign currency risk arising mainly due to its operating activities and thus the risk of changes in foreign exchange rates relates primarily to trade payables.

The most significant foreign currencies the Company is exposed to is the USD and EURO.

Foreign currency exposure Amount in Lakhs

Financial Assets	Year End	Euro	USD	Total
Trade Receivable	31-03-2022	-	-	-
	31-03-2021	-	-	-
Total Financial Assets	31-03-2022	-	-	-
	31-03-2021	-	-	-

Financial Liabilities	Year End	Euro	USD	Total
Trade Payable	31-03-2022	-	-	-
	31-03-2021	-	31.08	31.08
Total Financial Liabilities	31-03-2022	-	-	-
	31-03-2021	-	31.08	31.08

Net exposure to Foreign Currency Risk (Liabilities)	Year End	Euro	USD	Total
	31-03-2022	-	-	-
	31-03-2021	-	(31.08)	(31.08)

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD and EURO exchange rate, with all other variables held constant. The impact on the Company's profit/(loss) before tax is due to changes in the fair value of monetary assets and liabilities.

Description	Year Ended 31 March, 2022		Amount in Lakhs Year Ended 31 March, 2021	
	Increase by 5%	Decrease by 5%	Increase by 5%	Decrease by 5%
	USD	-	-	(1.55)
EURO	-	-	-	-
Increase/(decrease) to Profit or	-	-	(1.55)	1.55

iii) Credit Risk

Credit Risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans. The carrying amounts of financial assets represent the maximum credit risk exposure.

Trade Receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Risk Management Committee has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes financial statements, credit agency information, industry information and in some cases bank references. Sales limits are established for each customer and reviewed constantly. Any sales exceeding those limits require approval from the management.

Financial Instruments and Cash Deposits

Credit risks from balances with banks and financial institutions is managed by the Company's Treasury Department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

iv) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The table below summarises the maturity profile of the Company's financial liabilities:

Amount in Lakhs

Year Ended 31 March, 2022	Year Ended	On Demand	Up to 3 months	3 months to 6 months	6 months to 1 year	1 year to 3 years	3 years and above	Total
Borrowings	31-03-2022	842.57	-	-	-	625.00	468.75	1,936.32

Note 39: Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The current capital structure of the Company is equity based with financing through long term borrowings.

Note 42: Estimation of uncertainties relating to the global health pandemic from COVID-19:

“The Company has considered the impact of COVID-19 pandemic on its business operations and financial statement based on its review of current indicators of future economic conditions and expects that the carrying amount of the assets will be recovered. However, the impact assessment of this pandemic is a continuing process given the uncertainties associated with its nature and duration. Accordingly, the Company will continue to monitor any material changes to future economic conditions. There is no significant impact on its financial statements as at 31st March 2022.”

Note 43: Comparative Figures for Previous Period

Previous year figures are regrouped and recast wherever necessary to make them comparable with the figures of the current year.
